Subject: Pechiney - Ramp Sample Excavation Results and Application for UPRR Sampling
[Application for Right of Entry Agreement 121515.pdf](#)
[Table 1 PCBs 4a 4b ramp samples 121515.pdf](#)
[Figure 1 Ramp Sample Locations.pdf](#)
[Figure 2 Soil Removal at #1371.pdf](#)

Hi Nathan,

As discussed, please find attached the soil verification results for the small soil removal area along the ramp at sample #1371 (Table 1 and Figures 1 and 2). The attached figures show the location of sample #1371 (Figure 1) and subsequent soil removals/verification samples (Figure 2). With soil removal completed, we are scheduled to backfill the excavation on Thursday and Friday (December 17th and 18th). I'll also give you a call tomorrow to discuss further.

Also attached is a copy of the right of entry application and sample plan that was submitted to UP's Environmental Site Remediation group. The timing on a response from UP is not known, but it may take at least 60 days for a response (based on information available for the application process). We'll keep EPA updated on approval for access and when the sampling is scheduled.

Please let us know if you need any additional information to support completion of the approval letters.

Thank you, Linda
